goVertical.[®] non-profit

Church Organizations

From membership retention and fundraising to volunteerism and outreach communications, Datamax understands the significant challenges facing church organizations of every size today. Our technology portfolio addresses such challenges by lowering costs, automating processes, and improving communication between church leadership, staff, congregation and potential members. ***Count on Datamax to maximize the technology that matters!***

Datamax can help you:

- free up staff time and increase productivity through easy-to-use enhanced document and imaging workflow solutions,
- protect your church and member information, as well as ministry reputation, with a proactive, multi-layered IT security strategy,
- enhance printed collateral to effectively spread your message and mission, as well as share events or ministry opportunities,
- improve budget planning and 501(c)(3) tax accounting through access of church financial records and documents in real time, and
- leverage compatible cost-recovery systems for printing; enable church administrators the ability to monitor, manage, right-size to better steward ministry funds, tithes and budgets.

.....
Through relevant technology advisory and total solution deployment, we help church organizations "go vertical" by maximizing their workflow processes, communications, and budget utilization.

Advantages You'll Realize.

Content Management

Optimize key processes by getting the right church content—whether structured or unstructured, paper or electronic, audio or video, e-mail or photograph—into the right hands at the right time.

Workflow Management

Improve productivity and reduce time with customized and integrated church workflows that combine multiple tasks into single processes. Create a seamless system of membership and assimilation through rapid scanning and document capture capabilities.

Graphics Printing

Deliver faster, more affordable high-quality color communications leveraging the latest in graphics print technology. Produce long-run service bulletins to short-run ministry communications that rival traditional offset quality—all in-house.

Document/Network Security

Employ robust endpoint security solutions, and introduce your staff to general IT best practices that properly secure your church's critical data. Utilize copier/MFP security tools to fully protect sensitive information.

Cost Accounting

Church organizations can utilize MFP account-tracking functions to assign costs to departments, ministry projects, or individual staff.

Services We Offer.

Unified Communications as a Service (UCaaS)

Datamax's UCaaS unifies church-related channels for communicating and conducting business - phone system, team chat and messaging, video conferencing, file collaboration and more - under one manageable, reliable, and secure platform.

Network Management

Leverage comprehensive network services featuring **TechCare**® Managed IT Services, Cloud Services, Information Security Services, and **TechCare**® **University** User Training for IT specific initiatives—all supported by 24/7 **TechView**® remote help desk support.

Print Management

Optimize your print output through best-in-class print technology and the industry's most responsive approach to managed print services—**PrintCare**™. All supported 24/7 by **PrintView**™—remote access for printing and connectivity.
